

# CRANEVEYOR CORP.

Contractor's License Nos.: • Arizona 068033 & 077674 • California 194646 • Nevada 011472 • Washington 0-061518-7

Since 1946, CraneVeyor has been providing overhead cranes and hoists. CraneVeyor is an Employee Owned (ESOP) Co. We have the experience and we are here to stay and service our customers.

CraneVeyor is the only western region overhead crane manufacturer and service company with complete one-stop capability including:

- In-house design, engineering and project management
- Major manufacturing capabilities in our plant
- Installation by CraneVeyor crews
- Service and repair by factory trained technicians
- Substantial stock of hoists, components and parts

Quality CV products and services mean value and low cost of ownership.

- CraneVeyor is a Licensed Fabrication shop, and designs to UBC and OSHA Code requirements and CMAA Guidelines
- CraneVeyor's CNC Machine Centers provide consistent and reliable components
- Experienced installation and service crews provide on-going reliability
- Primary facilities include over 90,000 sq. ft. manufacturing and warehousing, and 10,000 sq. ft. office, on over four acres in So. El Monte, CA, plus facilities in Chino, CA, and Denver, CO, and offices in Phoenix, AZ, and Northern California.
